

## Music and Dance performances held for the communities

In the 2023 academic year, student music and recreational clubs hosted a variety of performance showcases and activities, totaling 16 events with 2,259 participants. These events emphasized music and cultural sustainability, offering both on-campus and off-campus students, as well as the public, opportunities to deepen their appreciation of the arts.

To celebrate its 67th anniversary in the 2023 academic year, the university hosted a concert featuring multiple artists. The event brought together faculty, students, and local community residents for a festive musical experience.
