

Transportation Information Announcement for the 2023 Academic Year

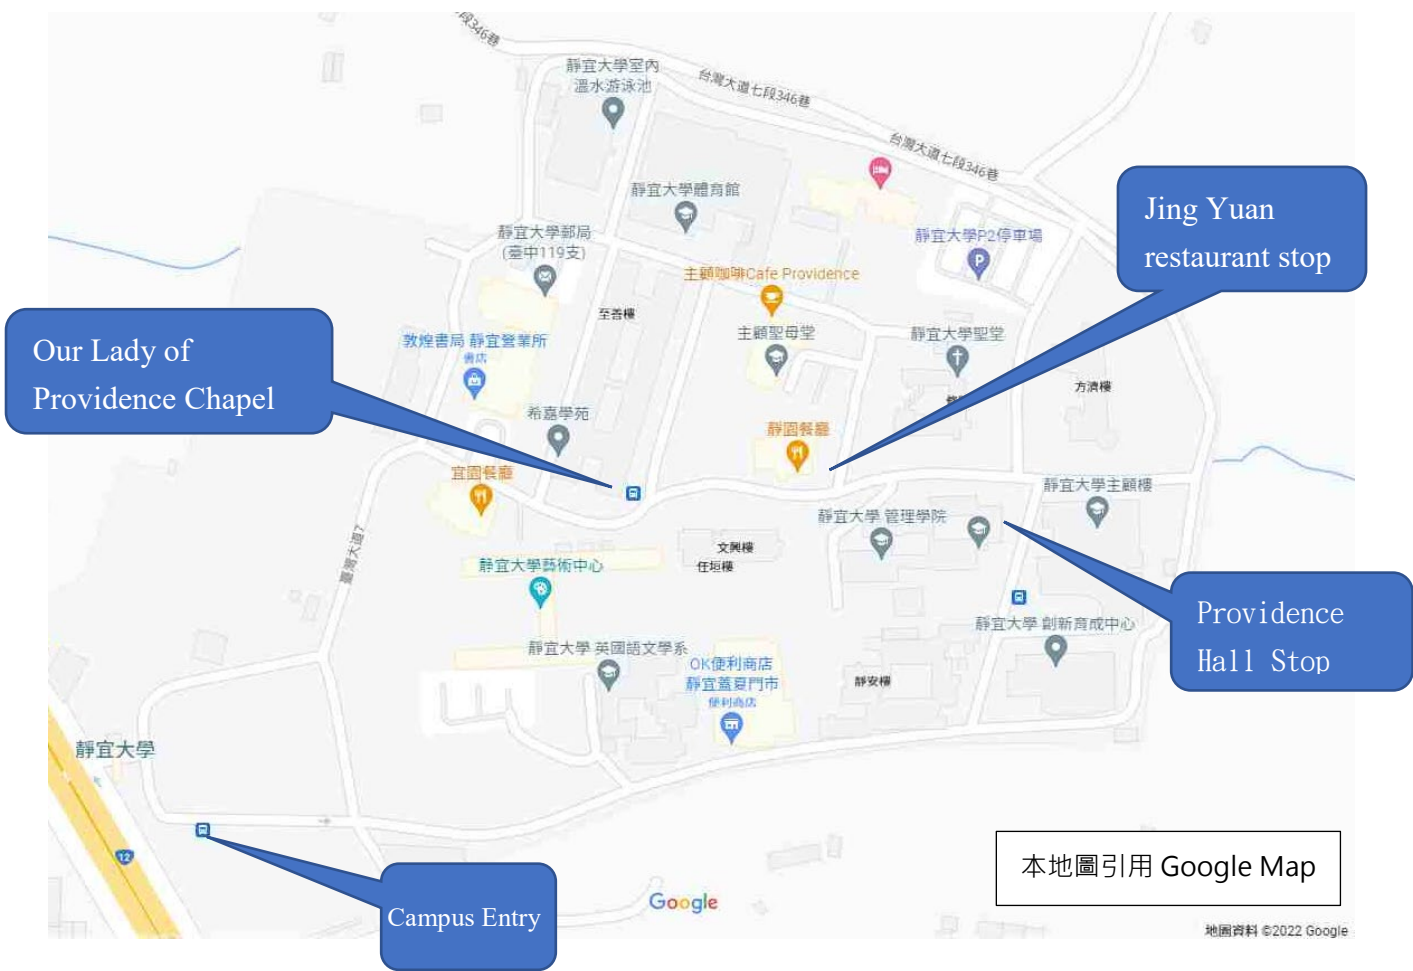

Starting from September 1, 105 (2016), Providence university introduced Taichung City Bus Route 162 that circles the campus. This route serves important stops including our university, the Kuang Tien General Hospital, Shalu Station, and Taichung International Airport.

On March 15, 111 (2022), we successfully obtained Taichung City Bus Route 301, which also circles the campus. Key stops include our university's Jing Yuan restaurant, Veterans General Hospital, Shin Kong Mitsukoshi, City Hall, National Museum of Natural Science, Taichung Railway Station, Gancheng Station, and Chung Yo Department Store, among others.

On April 25, 111 (2022), we will introduce green energy electric buses to serve students living around the campus. The route will include three stops on campus, Jinwen Park, North Shih Junior High School, Shalu Senior High School, Children's Integrated Hospital, and Juyeh Shalu Station, among others. Passengers are required to swipe their cards when boarding the bus. You can use your university staff ID, student ID, EasyCard, or other applicable cards. Taichung residents (including faculty, staff and students of Providence University) who register for this service can enjoy the first 10 kilometers of their journey for free. We encourage all university faculty, staff, and students to use public transportation and reduce reliance on motorcycles and cars.

To access real-time bus information, please visit the following link and install the "Taichung Bus" APP <https://www.traffic.taichung.gov.tw/content/index.asp?Parser=1,10,318>
